

Honeywell

MECHANICAL PROTECTION PLAN

**Protection for your Environmental
and Cabin Pressure Control Systems**

Avoid downtime, Control your costs

Protect your investment, and control your costs

Your environmental and cabin pressure control systems are a big investment...an investment worth protecting. Designed for business aviation, the Mechanical Protection Program (MPP) is a maintenance service program for these systems—because the unexpected can happen. So avoid unplanned maintenance costs. Avoid downtime. Avoid unnecessary stress. After all, when it comes to your aircraft, time is money.

Be Ready for Anything

When the unexpected happens, count on the Mechanical Protection Plan to ensure that your aircraft is flight-ready. You'll receive quick service and legendary support from Honeywell's technical product experts, in addition to over 600 authorized sales and service centers, worldwide. And, when time is of the essence, Honeywell's Exchange and Rental Program will get you back in the air—fast.

Choose Your Coverage

MPP offers a variety of coverage options. Choose the plan that best meets your needs—a contract can be extended over several years. Specially priced plans are also available for fleet operators.

Take the uncertainty out of maintenance costs. A fixed-price MPP contract guarantees that your repair bills won't exceed your budget.

Plan Benefits

- Full coverage on exchange
- Fixed price with an annual contract
- 24/7 AOG emergency service
- Fully transferable agreements
- Paid airfreight
- Fleet discounts
- Factory-backed support identical to your original factory warranty
- Flexible payment options – renew annually or multi-year options
- Field support system includes a global network of supply depots and authorized sales and service centers

MPP offered for the following platforms:

Gulfstream IV

Gulfstream IV SP

Gulfstream V

G350/450/550

Pilatus PC-12

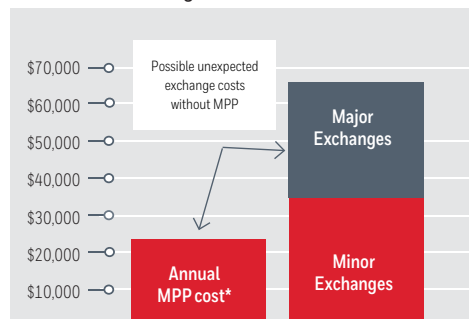

Pilatus PC-12 NG

Gulfstream G200

Bombardier Challenger 604/605

Business Aviation

MPP Cost vs. Exchange Costs

*MPP annual cost does vary per airframe and flight hours.

Avoid unplanned maintenance costs.

Avoid downtime.

Avoid unnecessary stress.

Get Global Support You Can Rely On

Honeywell Environmental and Cabin Pressure Control System mechanical components are backed by our Spares Exchange (SPEX) program, which provides LRU exchanges for both warranty and non-warranty situations. Supporting both general aviation and business aircraft since 1954, SPEX has the depth of resources and expertise only available from a proven leader in aviation products and services.

Honeywell's unmatched field support system includes a global network of supply depots, support centers and a world-class 24/7 Complete Customer Care Center. The rapid SPEX turn-around-time ensures that parts covered under MPP are ready when you are. All units carry the latest mandatory modifications and are updated with the latest reliability modifications while in the repair cycle.
